

# Innova Energy acquires third solar PV ground mount site in Wales

20<sup>th</sup> July 2020

In April this year Innova Energy acquired a 2.24MW operating solar plant near Bridgend, South Wales which was accredited by Ofgem in 2016 at 1.3 ROCs. The arrays comprise 8,624 Astronergy 260Wp polycrystalline solar modules and 4 KACO inverters, generating 2.3 GWh per year of clean electricity – enough to power over 500 households.

Mr Robin Dummett, Co-founder and Director of Innova Energy commented:

*“This purchase represents another quality acquisition for our ground mount portfolio and adds to our footprint of green energy supply to the South Wales community.”*
